#### About Me:

Why hello there, handsome! I'm honoured you've landed upon my profile here. We both know what we're here for and I can assure you, you won't regret taking a chance on me. With a vivacious personality and curiosity and admiration for life unlike any other coupled with my statuesque height and BBW curves, I'll have you smitten and awe-struck, and yearning for more.

My liberated and wanton womanhood provokes uninhibited desire and lust in even the shyest of gentlemen, but it is my bubbly and down-to-earth mature, non-judgemental attitude and open mindedness that'll truly allow us to explore the realms of sensuality and intimacy.

Regardless of what we get ourselves up to, you'll find yourself eagerly awaiting our next encounter and reminiscing on our time spent together for days after. I must say, though, I thoroughly enjoy lunch and dinner dates. There's nothing quite like sitting across, or beside, one another and knowing what's to come. Revelling in and savouring good food and drink with our imaginations running wild in anticipation all the while engaged in deep conversation make for the most titillating of experiences!

I am fond of extended encounters and require all dates 3 hours+ to include at least one hour of social time and a meal or snack provided by you. I have a beautiful and discreet incall I host from right downtown

and also travel to outcalls to reputable and upscale hotels in downtown Toronto and for a nominal travel fee, elsewhere in the GTA. A deposit is required upon successful screening for both incalls and outcalls.
