About Me:

Screening required for new lovers, same day bookings possible but 24 hours notice preferred. Text or email only. Familiarize yourself with my expectations via my website.

Have you ever found yourself grasping at minuscule moments of pleasure, only to find yourself longing for something more esoteric and profound? I'd like to let you in on a little something... I already know your answer. I'm Lyn Taylor. Intuitive babe. Ardent enchantress. Unassuming siren. Enigmatic thrill-seeker.

I like to think of our adventures as part ritualistic, part fetish, and part therapeutic. The only desire I know is one of being completely present within our shared space+time. I'm into cuddling (scantly clad or completely nude), foot worship, and tickling (as -ler, -lee, or switch). I crave touch... soothing, sedative, rousing, rhythmic. I love listening to, accommodating, and conjuring up each moment that you yearn for. Don't know exactly what is it that you've been missing? I'll show you. It's just what I do. Come away with

me and when we part, you will leave fulfilled, changed... better. An unfamiliar calmness will wash over you like a current: rippling, powerful, and boundless. There it is. That's what you needed. And it was right in front of you all along.

Until then,

Lyn
